BUDDY

Long Live Rock n' Roll! I must save the rebel archive! The truth must never be forgotten! I have yet to discover the exact reason why rock and roll died, but my researches suggest that it had something to do with an ancient entertainment phenomenon known as - X Factor! Soon new pop stars were being created at such a rate that they were famous for less time than it took to play their records! Culture imploded. Globalsoft activated its mainframe and the kids uploaded their souls.

**GALILEO**

Buddy, you're here! I knew it! I dreamt it! The Bohemians still control the Heartbreak and the revolution is on!

**BUDDY**

They're not there, Dude. Their bodies came home but their spirits never made the plane. They'll end their days as washed up, brain dead casualties, living a twilight existence on beer, bourbon and memories. I could think of worse ways to go.

**SCARAMOUCHE**

Khashoggi did this to you?

**BUDDY**

Yep. We all got processed.

**SCARAMOUCHE**

So how come you're still standing?

**BUDDY**

I kinda wondered that myself, sweet lady. I think the vy-day-oh tappee kept me strong, cloaking me with the vibe.

**SCARAMOUCHE**

You managed to keep it from Khashoggi?

**BUDDY**

Sure did, crazy witch woman.

**GALILEO**

Where did you hide it?

**BUDDY**

Don't ask. But it must have stayed with me for a purpose. Somehow it holds the key. But, I still have no way to unlock it. For all the use it is I might as well shove it in that slot in the box underneath that old tee-lee-vy-zee-own.

**SCARAMOUCHE**

Oh my God. You're not telling me you haven't tried that?

**BUDDY**

*(To GALILEO)*

Yeah. Right. Like that's gonna work. Chicks, what do they know?
